Jun 23, 2017 HOW TO FIX BATTLEFIELD BAD COMPANY 2 FPS PROBLEM 1. Best Method - Open . 2. Second Method - Open . 3. Third Method - Open . 4. You can also use GTA V method, just copy the game saves files of the BFBC2 from the GTA V folder to the BFBC2 folder. Mar 26, 2016 I am trying to fix the lag problem with the game running slow and the FPS being low. I have ran through the process on softswitch's website for a long time and have also tried to do something that one of the other BFBC2 forum members told me to try. It did help a little bit but didn't fix the issue. I have a a A4R ASUS x99 and I am using the game on the lowest setting of the graphics option and I will still get bad fps. I use the BFBC2 2014 patch file v1.5 that I got from here: . battlefieldbadcompany2crackfixdownload Oct 6, 2016 I noticed a FPS drop after all the maps and most of the weapons were downloaded and from what I can see, it is likely caused by the game saving the game at the end of each level. battlefieldbadcompany2crackfixdownload Jan 7, 2020 I have updated to the latest patch and have the same lag problems as always. Playing with the lowest possible settings and it is still slow. Right now it seems like it is a stability issue. After randomly freezing for 20+ seconds I noticed I am no longer prompted to save after missions. battlefieldbadcompany2crackfixdownload Feb 1, 2020 I've got a problem running this game: After some missions the whole game lags. If I put the game to sleep, then I can restart it without problems. But before I can go into the game menu again. battlefieldbadcompany2crackfixdownload Jan 24, 2020 I have been messing with this game for a long time and I have tried many solutions to fix it, but it still is an issue, which makes me sad. The game is lagging after level 6 and when I restart it, it lags again after level 5. I have tried so many solutions without success. battlefieldbadcompany2crackfixdownload Feb 26, 2020 I have a problem with lag, when the game

"To quote wikipedia.com, the term game farm was originally a derogatory term for computer game companies that could afford to operate real farms and utilize real professionals to design games. Rather than it being directly referring to the creation of games, the term game farm is often used to refer to the marketing and business strategies of those companies. In fact, I would argue that the "web farm" is simply a different marketing term for game farms. References to game farms include: "The same e-mail also compared game developers to 'pigs', 'hogs', and 'sheep' who spent most of their time at one place, feeding on the money of consumers." — Baseball Bat Map "In July 2018, it was reported that the Chinese government had requested changes to the game, specifically to limit the time that players were able to spend in the game."
